### Our Prep Schools

## GreatHearts

Great Hearts Academies is a non-profit network of charter schools and the largest "brick and mortar" provider of classical liberal arts education in the nation.

As a public charter, we provide a tuition-free education for approximately 21,000 students in 30 academies in Arizona and Texas. Great Hearts is subject to open enrollment laws. Typically, our academies receive more applications for enrollment than there are seats available. If this is the case for any grade level at an academy, a lottery will be held. Students who are not admitted through the lottery process will be placed on a waitlist and may be offered admission during that year if a seat becomes available.

Our core curriculum is a robust liberal arts education that introduces students to the tools of critical inquiry essential to each discipline and every walk of life. The Great Books curriculum emphasizes the fundamentals of the arts, sciences, and humanities as students are in conversation with many of the most challenging, influential texts in the Western canon. This academic approach prepares college-bound students for the rigors of higher education as well as agreeing with Plato, that the highest goal of education is to become good, intellectually and morally.

### 2020 Impacts reflected on the Student Academic Record:

#### 2nd Semester Grading Policy for Prep Schools (6-12th grade) for Spring 2020

– Spring of 2020 (Quarter 4) was based on a blend of synchronous and independent remote instruction. Students were awarded P/F for the Q4 grading period. Second semester grades (A-F) were heavily weighted on 3rd quarter grades with changes made only to reflect distinguished coursework or failure in the 4th quarter. Students were required to take on additional assignments in quarter 4 if they had not successfully passed 3rd quarter.

– Students who earned a "Pass" in Q4 received a letter grade for Semester 2 that is no lower than the letter grade earned for the same course in Quarter 3.

## Great Hearts Curriculum Refinement

In the spirit of continuous improvement, rising seniors will continue to study Humane Letters and Fine Arts; however, students will have the opportunity to select three courses out of the five honors level offerings: Honors Calculus II, Honors Physics II, a fourth year of Honors Foreign Language and two new courses.

Honors Rhetoric: an in-depth study of American speeches, debates and persuasive writing present through the lens of classical rhetorical principles.

Honors Logic and Computation: a study of formal logic from Aristotle through its modern incarnation as computer coding.

### 9<sup>th</sup> Grade Curriculum:

- Honors Humane Letters I: The American Tradition
- Honors Geometry
- Honors Biology (with lab)

- Honors Foreign Language: French I, Spanish I, or Latin IV

- Honors Foreign Language: French III, Spanish III, or Ancient Greek II\*
- Honors Rhetoric \*
- Honors Logic and Computation\*
- Studio Art IV (including drawing, painting and sculpture)
- Drama II
- Senior Thesis & Defense

\*Student must choose three out of five Honors options.

### Senior Thesis and Defense:

Each graduate completes a capstone project known as the Senior Thesis. The Senior Thesis is the culmination of the student's years at the academy. It is a year-long project completed in addition to the normal courseload. In this project, students work closely with an advisor from the faculty to read and discuss two significant great books in one-on-one meetings during the first and second quarter. By the end of the third quarter, the student will have produced a 15-20 page thesis that synthetically brings forth their own answer to a major philosophical question. Finally, during the fourth quarter, each student will participate in an hour-long oral defense of their work before a panel of teachers and a substantial audience. Students receive .25 credit for successfully completing their thesis and defense.

### Humane Letters

Perhaps the most distinctive feature of the high school curriculum at Great Hearts is Humane Letters. In the 9th through 12th grades, English and History are combined in the Humane Letters courses: these are 2-hour long, daily seminars, directed Socratically and revolving around readings from Western Civilization's best works in philosophy, drama, history, autobiography, poetry, novels and essays. This collaborative setting allows for the development of the art of conversation, which includes above all the habit of listening well to both the great authors as well as their peers. The class is an exploration of the permanent questions that animate any truly human life through the history and literature of the Great Tradition of the West. What is a good man and good citizen, what are the qualities of a true friend, what kinds of virtue are necessary for a flourishing political and moral life are just a few of the important questions that are addressed with uncommon subtlety and profundity in the books that we read together.

- Due to our deliberate Great Books curriculum and dedication to Socratic seminar, no AP classes or electives are offered.

-- Core Course Studies may be reflected on a student's transcript. The Core Course Studies class provides students with instruction and support to enable them to progress academically in core content areas. This instruction supplements but does not supplant any core-area course in which students are also enrolled.

### Select Features

Beginning Fall 2019, all student transcripts will include level 8 Algebra with P/F (pass/fail) grade to indicate a student's complete level of mathematical progression.

The Arizona state requirement, one full credit, for U.S. History is fulfilled in 9th grade Humane Letters.

The Arizona state requirement, one-half credit, for U.S. Government is fulfilled in 10th grade Humane Letters.

The highest course level in all subjects, with the exception of Poetry, performing and fine arts, is Honors.

For the weighted GPA, all Honors courses receive a full extra point for GPA calculation.

We believe in the growth of leaders through accomplishments; we do not have class officers or NHS.

We do not rank our students, and letter grades and competition among students are de-emphasized.

Transfer students may have a different curricular sequence.

The GPA presented on transcripts only includes classes taken at a Great Hearts Academy.

### Enrichment Opportunities 23-24:

Offerings are operated by SPA and not required of students. We do not permit student-led groups, as we believe the host of options crafted and executed by us allows for the best opportunity for student involvement and success. Offerings include athletics, enrichment courses, and volunteer opportunities, which could include assisting the school in organizing and executing special events, providing peer support, leading mentor programs, or editing school publications. Enrichment courses are additional opportunities for students to receive instruction from our faculty outside of the school day. The menu of courses that we can offer come from a fixed list that our network can best support, supervise and continually improve. Courses have attendance requirements and culminate with a final project at the end of the semester. Courses may include: Speech and Debate, Chess, Strategic Games, Choir, Theater, Mock Trial, Robotics, Instrumental Music, etc.
